**Title** : Adobe Photoshop CS6 ACE  
Exam

**Vendor** : Adobe

**Version** : DEMO

NO.1 Which tool should you choose for changing only the pixels that match a sample color?

- A. Gradient
- B. Color Replacement
- C. Magic Eraser
- D. Brush

**Answer:** B

NO.2 Which tool creates a duplicate of a sampled area when you paint in another area?

- A. The Patch tool
- B. The Spot Healing Brush tool
- C. The Healing Brush tool
- D. The Clone Stamp tool

**Answer:** D

NO.3 Which of the following effects takes place when we paint with gray or another color in Quick Mask mode?

- A. It selects more of an image.
- B. It creates a semitransparent area.
- C. No effect.
- D. It deselects more of an image.

**Answer:** B

Explanation:

The following table describe about colors in the Quick Mask mode:

Options Purposes

Paint with white To select more of an image Paint with black To deselect areas Paint with gray or another color To create a semi-transparent area, useful for feathering or anti-aliased effects

NO.4 For you to create a duotone image, the image must be in \_\_\_\_\_ mode.

- A. Grayscale
- B. Indexed Color
- C. CMYK
- D. RGB

**Answer:** A

NO.5 What does dragging the gamma slider to the left in the Levels dialog box do to the image?

- A. Brightens the highlights
- B. Darkens the midtones
- C. Brightens the midtones
- D. Darkens the shadows

**Answer:** C

NO.6 To adjust how each ink in a duotone image is distributed throughout various tonal regions, which of the following should you adjust?

- A. Cutout filter
- B. Smart filter
- C. Stacking order
- D. Duotone curve

**Answer:** D

NO.7 When using the Liquify filter, what tool can you use to protect specific areas of the image?

- A. The Thaw Mask tool.
- B. The Freeze Mask tool.
- C. The Reconstruct tool.
- D. The Forward Warp tool.

**Answer:** B

NO.8 While working with the Warp tool, which of the following options from the View menu is used to show or hide the warp mesh and control points?

- A. Extras
- B. Show
- C. Screen Mode
- D. Rulers

**Answer:** A

NO.9 Which of the following Lock options will you choose to edit only the opaque areas of a layer?

- A. Lock all
- B. Lock transparent pixels
- C. Lock image pixels
- D. Lock position

**Answer:** B

NO.10 Which filter should you apply to best simulate a reduced depth of field created by a photographer?

- A. Lens Correction
- B. Radial Blur
- C. Lens Blur
- D. Gaussian Blur

**Answer:** C

NO.11 From which submenu can you export layer comps?

- A. File, Place
- B. File, Export
- C. File, Scripts
- D. File, Automate

**Answer: C**

NO.12 True or false? Applying a blend mode is a destructive edit.

- A. False
- B. True

**Answer: A**

NO.13 Consider the given image: Which mode will you use to view this image using Adobe Bridge?

- A. View Mode
- B. Review Mode
- C. On-click preview Mode
- D. Preview Mode

**Answer: B**

Explanation:

You can view multiple files at once by using Review Mode. To do so, select the files you want to review and, on the application bar, click the Refine button and choose Review Mode. You can also choose View > Review Mode or press Ctrl+B. Answer option D is incorrect. When you select a file, Bridge automatically displays a preview of it in the Preview panel (if the Preview panel is open). You can drag the edges of the Preview panel to make it as large or small as you'd like. In addition, when you click in the Preview panel, the cursor becomes a loupe that you can use to magnify areas of the preview. Answer option A is incorrect. There is no view mode in Adobe Bridge. Answer option C is incorrect. With a file selected, press Spacebar to display the file in full-screen mode. When in fullscreen mode, click the file to enlarge it to 100%, and click again to zoom back to fullscreen view. Use the Left Arrow and Right Arrow keys to navigate to the next or previous photo. Click Spacebar again to return to Bridge.

NO.14 Which of the following file formats is flexible for transferring images between applications and

computer platforms?

- A. Digital Negative (DNG)
- B. Photoshop EPS
- C. Photoshop Raw
- D. BMP

**Answer:** C

Explanation:

Reference: [http://help.adobe.com/en\\_US/photoshop/cs/using/WSfd1234e1c4b69f30ea53e41001031ab64-7758a.html](http://help.adobe.com/en_US/photoshop/cs/using/WSfd1234e1c4b69f30ea53e41001031ab64-7758a.html)

NO.15 Which of the following is used to hide parts of a layer with a vector path?

- A. Work paths
- B. Swatch
- C. Vector mask
- D. Warp

**Answer:** C
